## Stage Dimensions

**Proscenium Arch-** Width 42', Height 22'

**Stage Depth-** from Plaster Line 40'. From apron 46'

**Orchestra Pit Depth-** (from audience chamber) 6'9" (from lip of stage) 8'

**Wing Space-** Stage Right: 25', Stage Left 15'

**Grid Height-** 59'6"

**Max Trim Height-** (from stage floor) 1st Electric 52' (to accommodate floating arbor) all others 55'6"

---

Please be advised that a spiral staircase and piano case are an obstruction behind the cyclorama. Storage and stage crosses can be made in the shop behind the stage.

### **Orchestra Pit**

The orchestra pit has three levels which can be adjusted for your show's needs. Stage-level so that your performers can use all of the apron, audience-level which is great for judges tables, or completely removed should you need to use it as a traditional orchestra pit. However, the pit cover is not hydraulic *so you will need to request adjustment or removal at your production meeting with the Technical director two weeks prior to your event.*

### **Stage Floor**

Our scratch-resistant stage floor is made of quarter inch Polyonyx over tongue and groove yellow pine. The floor is sprung. Renters that require Marley flooring need to bring their own or inform the Technical Director at least one month prior to the event so that arrangements can be made. Only the brooms provided by the venue and water may be used on the stage; please inform the technical director if you are using a snow machine.

### **Soft goods/ Drapery**

---

Our house curtain can open from center or guillotine style and has a valence that is capable of hanging signs or banners for your event. There are 5 sets of legs on either side of the stage that have a height of 26' and a width of 8' along with 5 sets of black border that are 8' high and 54' wide. There is a black mid traveler that opens from center stage. The cyclorama is 27' high by 54' wide and sits on lineset 30 of 32. Also available upon request is a black shark tooth scrim.

## Lighting

**Systems:** 228 ETC/ LMI 2.4Kw dimmers, 9- 6Kw dimmers, (DMX protocol), ETC Impression and Reflection consoles

## Sound

House PA is a flown L / R array composed of 16 Fulcrum Acoustics FL283 cabinets (8 per side) and 4 RCF 8006AS active subwoofers (two per side). The array is dead hung.

Consoles:

Digico SD9, Behringer X32, Yamaha TF-1

---

---

## Rigging

Our single-purchase counterweight system has 32 linesets with a max arbor capacity of 1,500 lbs. Baton length is 55', excluding line sets 31 and 32, and a diameter of 1.5" (schedule 40). The fly rail is located stage left with 32 lines on 16' centers. To request a lineset schedule or technician to operate the fly rail for your show, please contact the Technical Director.

## Power

Available stage right: 1-200 amp 3 ohm 5 watt, 2-400 amp 3 ohm 5 watt. There is also limited shore power available in the shop upon request.

## A/V Capabilities

Amenities such as front and rear projection, Yamaha piano, and laptop use are available. See Technical Director for more specific requests.

## Loading/ Parking Information

The Broyhill Civic Center is a closed property with ample parking for performers, crew and patrons. Our auditorium loading dock sits 4' off the ground and can accommodate 53' trucks with a cab.

---

---

## Dressing Rooms and Performer/ Crew Amenities

There are four spacious dressing rooms that are included in your rental rate; 2 chorus rooms and 2 star suites. The chorus rooms both include two restrooms and showers and can hold up to 20 performers or crew. Star Suites have one restroom with a shower in it and can hold up to 4 people.

## House/Seating Information

The William E. Stevens Jr. Auditorium is a 999 fully ADA accessible with assisted listening devices available. Wheelchair access seating located in Row S (back of orchestra); seats 1, 14, 15, 16, 41, & 42.

There are approximately 614 seats in the orchestra of the house (closest to the stage) with seats 1-14 house center and seats 16-42 split between house left and right. S 1-14 are removed for front of house audio mixing.

The mezzanine balcony accommodates 388 guests and is organized similarly to the orchestra.
